#### Different hot spots!!!

As a group we traveled all through Ireland on our tour bus driven by Tommy and guided by Geroid. We flew into Dublin and spent around three days there. We went to Dublin Castle, Trinity College to see the Book of Kells, the Guiness factory, and St. Patrick's Cathedral. Then we drove through a ton of country side and went to Killarney/Blarney. In Killarney we went around the area shopping and then drove to Blarney the next day to kiss the Blarney Stone. After That area we went to Limerick. After Limerick we rode the bus around to different beaches and saw the Cliffs of Moher. We ended up in Galway where we shopped and had a good time. We all agree that Ireland is definitely a place to go back to! It was so much fun!

CLOSING

# Standing in the Spotlight

There comes a time in everyone's life when you have to let go. A time when you need to be strong, stand on your own two feet, and go on with your life. Sometimes, you are ready for the good-bye. At other times, it blind-sides you. We have been here for four years. We knew that we could not stay together forever. Even though we knew this was coming, we might not be quite ready yet.

If we think back to when we were in grade school, whether public or private, people asked us what we wanted to do and who we wanted to be. They did not expect a serious answer out of us then, because we did not fully understand who we were. We thought that we wanted to be princesses or astronauts, or that we wanted to have our parent's jobs. But, that was not us. That was not who we were going to become. We still needed to figure out who we were before we decided what we were going to do.

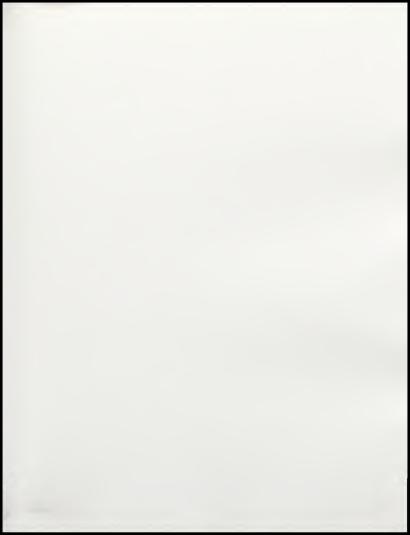

Now, as we graduate high school, we are adults and are ready to make our own decisions. We are forced to take the center stage of our lives. We are in the spotlight: people want to know who we are and what we will do with our lives. Some of us will go off to college; others will stay home and commute. Some have made decisions to enter the military. We will become doctors and lawyers, stay-at-home parents and teachers, veterinarians and meteorologists. However, not all of us know what we want to do yet, and that's alright because we still have time to figure it out.

However, we do have to leave Andrean. We have to say good-bye to our family of four years. We have to show our parents and our teachers, and everyone else who has helped us over the years that we are strong enough to say good-bye. Because, if we can do that, we can do anything.

We can stand in the spotlight and take charge of our lives.

Good Luck Class of 2011!
